

## Beating The Heat

Many of our RV Wheelers headed to the coast to escape our 90 degree temperatures and they camped by the beach in Ventura. Here are some photos that they brought back.

## Stops Along The Way

### River Run RV Park

Although Bakersfield isn't a usual RV destination, if you're looking for an overnight stay before heading home through the Southern California freeways, you should check out the River Run RV Park. It's a modern park with full hookups and both pull-thru and back-in sites. It is on the Kern River, but in the Summer, you will mostly have a view of sand because it gets diverted to canals for irrigation.

You can get more information at [info@riverrunrvpark.com](mailto:info@riverrunrvpark.com).

If you visit Bakersfield on a Friday or Saturday night, check out Buck Owens' Crystal Palace. The late country music star built it as a restaurant and nightclub, with museum displays of artifacts from his career. The Crystal Palace is next to Highway 99 at the north end of town.

If you are looking for a quick lunch, Bakersfield has the world's last existing F.W. Woolworth's lunch counter, located in the downtown shopping area.

Bakersfield has a large Basque population and it's known for its Basque restaurants. Bring along a big appetite because the food is served family style and there's plenty of it.
