## Sunshine...

Nadine World is now at home after a stay in the hospital for several days due to heart issues and the need for a pacemaker.

A Get Well card was sent. We wish you a full and speedy recovery, Nadine.

Many of us had CPR/AED training years ago. Every time we recertified there were changes. The Wheelers have an opportunity to get a 30/40 minute overview of current procedures from an expert instructor at our **Club's general meeting April 13th.**

John Little retired from the LA Fire Department in 2011 (a 39-year career) much of which was in emergency response, paramedic and investigation. His passion and expertise led him to become an instructor teacher at Saddleback Hospital and Hoag Hospitals. Also, he has volunteered his time and efforts to give basic instruction to Saddleback Church and other community organizations.

Several RV Wheelers heard a recent presentation and thought this was good information for us as a group. John's delivery is informal, factual and entertaining. Please mark your calendars.

Doug & Lorrie Gibson

If you have some good, or "not so good" news, or know of someone who could use a little sunshine, please let Dee Wennerstrom know and she'll send a card and/or our positive thoughts and good wishes in our monthly newsletters!

Dee's contact information is as follows:

Cell: (949) 697-0798

Email: [dee561@comline.com](mailto:dee561@comline.com)

*Please check to see that your registration tags are current, and please check the RV Wheelers Directory to ensure your space # is listed there.*

If not, please email Roslyn at [rlynnie69@gmail.com](mailto:rlynnie69@gmail.com) to provide your space # and in which lot your RV is stored. Also email if you need the password. We look out for one another's rigs – so let's keep the info in the Directory current

If you notice things that should be addressed in the RV lots, please contact a Board Member. We're trying to help Security by noting vehicles that may have expired tags, no license plates, people who don't seem to belong, etc.

**Have NEWS to share with your fellow RV Wheelers? Please send to Roslyn by the 20<sup>th</sup> of each month to be included in the following month's newsletter!**

## Rancho Jurupa Rally by Mike Epstein

### So We Headed Down the Road to Rubidoux

Sunday morning, Jan. 22, dawned cool and clear – little did we know what lay in store. Your hardy hosts, the Epsteins and Furlans, thought we were doing fine. The road to the campground, Rancho Jurupa, was clear and fast. We made it without problems. The usual first night Heavy Appetizers went off without a hitch – except once the sun went down it was pretty cold to sit outside for long.

Monday morning's breakfast, provided by the hosts, was flawless. Mike's hard boiled eggs were delicious, and we thought everything was fine. Little did we know what lay ahead.

Tuesday was wonderful. At 0900, we carpooled out to the March Field Air Museum. Mark Furlan arranged for an excellent docent, Warren Fuss, who showed our group around the numerous military aircraft and the fabulous museum. He opened up a C141 for us to climb around inside.

Mark shared tales of his flight home from Viet Nam on the C141 - on which he was the only transport.

The Wheelers enjoyed climbing into the cockpit!

Rhonda's goal was to climb into the cockpit!

The docents and club members helped her do so!

Everyone agreed that the March Field trip was wonderful! The hosts provided a list of restaurants to choose from for lunch on the way back to the campground.

We had a Tailgate BBQ dinner scheduled but it was too windy so we decided to hold off and do it on Wednesday. Oh well, we tried.

Wednesday dawned cold and clear so we loaded up for a chance to view the brand new Cheech (of the Cheech and Chong duo) Chicano Art Museum.

It is really something and well worth the \$10 admission. Cheech Marin donated 500 pieces of art from his personal collection and the Riverside Art Museum did the same. There was more than you could assimilate in the couple of hours we were there. A Wonderful stop. Highly recommended!

We had planned to take everyone down to the Food Lab but as we stuck our nose out the door, it was blown off.

Winds were 35-40 knots and building. Predictions had wind speeds getting up to 50-55 knots by nightfall. High profile vehicles were going to have a problem. A bunch decided to “get” while the getting was good – sort of. Some packed up and headed down the Santa Ana Canyon before things got even worse. The Epsteins had planned a Tailgate BBQ and a final morning breakfast. We had the food

so we packed it up in individual packages and distributed a Do It Yourself Care package of weenies, buns, cookies, yogurt, Costco muffins, fruit ... and Mike’s hard boiled eggs!

Wednesday night the wind howled. I thought we were going to lose our slide toppers. We partially rolled in a couple of slides to lessen the chance of tearing canvas. By Thursday morning, the last three rigs decided it was time to go before the wind started to build again and by 0900, the only people left were the Epsteins. We had planned to stay over Thursday night and depart on Friday. Thursday was windy but not real bad in the campground. We enjoyed a quiet day and dinner out at Ancho’s Southwest Grill – our favorite restaurant in Riverside.

On Friday Carol went to lunch with a bunch of gals – friends from our 40 years of teaching in Riverside. By noon, I had the rig packed up, the tanks dumped and rinsed, the slides in and I headed down the 91 in bright sunlight and NO WIND.

It was a wonderful campout with lots of great people who were able to be flexible and have a good time in spite of the weather. Friday was so nice, Carol and I are already talking about going back just to spend some quiet time in a really nice setting.
