

MEMBERS ON THE MOVE

Wonderful Guajome Rally – a great time was had by all!

Our RV Wheelers had another great rally at Guajome Regional Park February 11-15th. The rains had stopped, so we enjoyed fresh sunny days with green hills.

We had the use of the picturesque pavilion overlooking the pond our initial afternoon/evening for socializing and thanks to Kevin and Suzanne Clover, a Super Bowl party with large screen TV! During and after the Super Bowl we had a camp fire contingent too.

By the time we left all the walking trails were open and each day with fewer puddles to navigate. A popular walk was a 1 mile amble around the pond with ducks, geese and coots for entertainment.

Cyclists, after walking around a puddle or two, had access to a paved trail to Mission San Luis Rey and to the ocean.

In the evenings we had our genial campfires...with 3 fire pits to cozy up to.

Also Fitz and Jan provided their Corn Hole game for play.

Campground rangers provided us with touch table with skins, skeletal parts, nests and woven baskets and lots of interesting tidbits.

We had the use of the pavilion again on Valentine's Day where we had a red color theme going and romantic line dance lessons by Suzanne Clover.

Later a live guitar/ukulele sing along by Debbie Byrne, Patti Clover, Julie Landry, Bonnie LeLesch and Kathy Furlan – including happy birthday songs for 4 birthday boys – Kevin Clover, John Finke, Mike LeLesch, and Mark Tate.

Michael Landry and Julie were so moved by one of the songs that they gracefully danced about the room causing ahhs all around. Also Kathy Furlan sang a charming song she composed!

Let's go camping!!

We of course had several pot lucks to enjoy a great variety of dishes. A red cloth napkin was gifted to all attending.
