

## April 2020 Newsletter

Hello and I hope everyone is well and in good spirits. The included photo was taken during one of my walks along the 18 hole golf course.

I will begin this newsletter with a note from Dee, our Wagon Master.

*After a lot of consideration regarding our members' health and the March Golden Village Palms rally in Hemet, we decided to postpone the rally. As much as we love camping together, we felt this was the appropriate action to take under the circumstances.*

*Since most of us are in the "over 60" age group, social distancing negates the reason many of us go camping together. It was further felt that the risk of community spread was considered too high to take a chance.*

*While this is a first for our club, we are a group who knows how to roll with the punches and we know this won't go on forever. With all this in mind, your hosts elected to roll our deposit over to next Spring and refunded those who had signed up.*

*Decisions about the April and May rallies will be made at a later date. Stay safe and healthy and take care of each other.*

*Dee Wennerstrom, Wagon Master*

Dee also mentioned it would be nice to hear from our club members. What are you doing to keep busy, entertained, food recipes, etc? So if there are any examples you'd like to share please feel free to pass them on. We have to quarantine but it doesn't mean we can't socialize even if it's via our electronic devices. Send them to me and I'll make sure everyone is kept informed via an Eblast.

We will continue to monitor all the issues associated with the Coronavirus. Unless there is a dramatic change here in the village, I foresee the necessity to cancel our April board meeting as well as our club meeting. We will continue to maintain social distancing and without an open clubhouse, even conducting our board meeting at someone's home would be out of the question. Considering we are all within the age group that is most at risk, it's better to be safe. Everything I'm reading and/or watching on the news indicates we have yet to reach a point in time where it's safe and we no longer have any concerns about the virus.

At this point the Newport Dunes rally in May and our annual June picnic have not been cancelled, but again that can change. I know, as of several days ago, Newport Dunes was still open for business. Please use caution if you decide to go somewhere.

For those of us who are hunkered down for the time being, please do not neglect your RV's. Check your batteries and tires on a regular basis. Also it doesn't hurt to run your generators once in a while. Even though I use a gasoline stabilizer to avoid gumming up the generator carburetor, I still run the generator once a month. I have a portable air compressor and if you need a hand getting air in your tires, let me know.

Mark and Kathy Furlan have purchased a condo in our community and are looking for a plumbing contractor. Feel free to pass on information on a contractor they can use. You can find their contact information in the member directory.

Not that you need to run out to the store now but the list below can be put aside for when you're comfortable to go out and shop. The list includes items you may very well use in your RV's and the items can be found at a Dollar Store. There is no reason why you can't have the comforts of home while camping **and do it on a budget.**
